Report of Board of Trustees of Trust Funds

RYE, N. H., February 2, 1925.

To the Citizens and Taxpayers of the Town of Rye:

During the year ending January 31st, 1925, two new trusts have been established with the Board of Trustees of Trust Funds aggregating \$12,615.45. Complete statistical information concerning each fund is given in the table on the following page.

Of the total revenue received during the year \$563.42 has been paid the Trustees of Rye Public Library, \$279.98 has been paid the Trustees of Central Cemetery and \$232.03 has been paid for the maintenance of the Seavey Cemetery. So far as possible all funds are invested in United States Liberty Bonds with small balances in the Savings Banks of Rockingham County.

We would again call attention to the many possibilities for the betterment of our community which are open to any public-spirited citizen or friend of the Town who desires to make funds or resources available for the establishment of perpetual care for the Cemetery as a whole, general endowment of the Library, the creation of a Town Forest or for any other similar public benefit.

Respectfully,

SHIRLEY S. PHILBRICK,
CHARLES M. REMICK,
WILLARD A. TREFETHEN,
Trustees of Trust Funds.

Report of the Trust Funds of the Town of Rye, N. H., for the Fiscal Year ending January 31, 1925

Date of Creation	Trust Funds—Purpose of Creation	How Invested	Amount of Principal	Rate of Interest	Bal. of Income on hand at Beginning of Year	Income During Year	Expended During Year	Bal. of Income on hand at End of Year

Report of Library Trustees

To the Citizens and Taxpayers of the Town of Rye:

During the past year the Library has made gratifying progress in the quality and extent of its service.

The adoption by the Librarian of a new system of repairing books will result in an appreciable lessening in the number of books formerly discarded each year.

A new book stack has been installed, necessitating a rearrangement of the reading room, which has been done to good advantage.

The increased demand for service among our summer residents has been successfully met by the Librarian, to whom our sincere appreciation is hereby expressed for her efficient handling of the growing responsibilities of her office.

We acknowledge with thanks the gift from the Every Other Tuesday Club of ten dollars (\$10.00) to be added to the Mary Tuck Rand Fund. It is hoped that next Fall the tenth anniversary of Miss Rand's passing will find this memorial greatly increased.

As soon as weather conditions permit, the outside woodwork of the Library will be painted.

To cover estimated expenses for the coming year, we recommend the appropriation of one thousand dollars (\$1,000.00) for Library purposes.

Respectfully submitted,

HELEN F. PHILBRICK.
CHARLES M. REMICK.
WILLIAM H. LOCKE.

We, the undersigned, have examined the foregoing accounts and find them correct and properly vouched.

ARTHUR A. JENNESS,
NEIL B. PHILBRICK,
Auditors.

Report of Librarian

To the Trustees of the Rye Public Library:

The following is the report of the Library for the year 1924:

Number of volumes	4,731
Average circulation	150
Largest circulation	238
Smallest circulation	51
Number of borrowers' cards	56
Total number of borrowers' cards	1,067
Amount of money from fines	\$8.12
Amount spent for supplies	7.00

The year 1924 has proven to be the most satisfactory in the history of the Library. Not only has the circulation been much larger, but the schools have sought help, magazines been very well read, and the per cent. of non-fiction circulated double that of last year. During the summer months, the circulation averaged about four hundred books a week, this fact being partly due to the patronage of our summer guests.

Last Spring, I took up the Toronto method of book repairing and have considered it a great saving on rebinding expenses. All the books in the juvenile class have been sorted, and those showing signs of wear been repaired. So far the method has given great satisfaction, often the repaired book being stronger than the original. The best results from this method will show in the future, for by it can be taken the "Stitch in Time" which is as important in repairing books as it is in any other mending.

Many books have been presented by friends, among them a set of the Father and Son books, from Mr. John Parsons. This set covers a wide range of subjects and ought to be of interest to not only the boys and girls, but the adults as well.

Although we have the Britannica Encyclopedia, the demand for help from the schools makes it important that a more concise set of reference works be at their disposal. The Crompton Pictorial Encyclopedia has been highly recommended to meet all needs and twenty-five dollars (\$25) from our funds have been reserved towards the purchase of this set. The cost is approximately sixty dollars (\$60).

Each year the interest from the Mary Tuck Rand memorial fund adds two new books. This year the two chosen are: "A Late Harvest, by Charles Eliot, and "The Bible and Common Sense," by Basil King.

The interest from the James M. E. Drake fund has furnished a goodly supply of fiction and books for the boys and girls and with the interest from the other funds the following books have been ordered:

Outline of Literature

New Psychology and the Parent	<i>Creighton Miller</i>
Child's History of the World	<i>V. M. Hillyer</i>
Autobiography of Mark Twain	<i>Ed. by Paine</i>
Six Days of the Week	<i>Henry Van Dyke</i>
My Memories of Eighty Years	<i>Chauncey Depew</i>
Your Washington and Mine	<i>Louise P. Latimer</i>
Boys' Life of Booker T. Washington	<i>W. C. Jackson</i>
Beautiful America	<i>Vernon Quinn</i>
Lives of Busy Neighbors	<i>Inez N. McFee</i>
Days of the Pioneers	<i>L. Lamprey</i>
Days of the Colonists	<i>L. Lamprey</i>
Boyhood of Edward MacDowell	<i>Abbie F. Brown</i>
Mirrors of Moscow	<i>Louise Bryant</i>

Every effort possible is being made to make the Library alive and meet the requirements of the readers and as in past years co-operation is solicited.

Respectfully submitted,

HELEN C. DRAKE,
Librarian.

Report of the School Board

To the Citizens of Rye:

There was spent for all purposes during the school year 1923-1924 the sum of \$13,362.89, leaving a balance of cash on hand of \$639.00.

The steam heating plant at the Wedgewood School, which cost \$1,925, is proving to be very satisfactory. This amount was \$425.00 in excess of the appropriation. The cellar has been drained and no further trouble is anticipated from this source.

The exterior of the West School should be painted and the outside woodwork of the other schools and the glass reset. It is thought that a new flag pole will be needed at the Parsons School this year.

We again call attention to the unsanitary conditions in the several schools. They are a source of anxiety and some action should be taken to remedy them.

The medical inspection has been thorough and it is hoped that the parents will follow the suggestions and the children's health be improved.

1925-1926 budget:

Teachers' salaries	\$8,500.00
Janitors' salaries	800.00
High School tuition	1,300.00
District officers	99.00
Flags and appurtenances	100.00
Books	400.00
Supplies	400.00
Repairs	800.00
Fuel	1,200.00
Transportation	1,000.00
Administration	200.00
Per capita tax	450.00
New equipment	200.00
Superintendent's excess salary	350.00
<hr/>	
Total	\$15,799.00

Respectfully submitted,

GEORGE B. ROGERS.
 ESTHER B. WYNOTT.
 IRVING W. RAND.

AGNES M. BROWN, *School Treasurer.*

We, the undersigned, have examined the foregoing accounts and find them correct and properly vouched.

ARTHUR A. JENNESS,
NEIL B. PHILBRICK,
Auditors.

Report of the Superintendent

To the School Board of Rye:

I herewith submit to you my second annual report as superintendent of your public schools. To occupy as little space as possible I shall confine myself entirely to general facts concerning the school situation in Rye with recommendations relating thereto.

THE SITUATION

It is but repetition to say that no outstanding feature characterizes the schools of Rye. In organization and opportunity they remain the same to-day as a year ago. The morale of the teachers is excellent. Good class room work is being done, in some cases better than could be expected under the circumstances. A more regular attendance is noted and a growing disposition of pupils to conform to standards necessary to the building of character and improvement in scholarship. "Do It Right" and "Better Scholarship" are ideals set for the year's work.

ORGANIZATION

By action taken at the last school meeting the town committed itself to an acceptance of its present organization without change. Therefore no discussion is necessary as to the desirability of improvement in this direction. Our problem for the present is one of adaptation, to make the most of what we have. To this end several very urgent needs appear, in the way of text books, equipment and repairs. New music books, arithmetics, language books, geographies and some reading material have been secured, and well within our appropriation for this purpose. Further equipment is needed for science and domestic arts in the junior high school. The toilets, especially at the Wedgewood building, should be improved. The old type construction of little more than family size is hardly

adequate for a building of one hundred children, more than half of whom are of adolescent age. I recommend flush closets with running water from an electric pump. Change of seating plans would add materially to the welfare at the South and West schools, and at an expense only for the labor required. Tables and chairs for school and neighborhood meetings and lunches would make a desirable contribution to the South, West and East schools, also electric lights where needed. I suggest also an extenssion of coat room facilities and the installation of a telephone at the Wedgewood building.

SUPERVISION

In a Union the size of ours time will not permit close supervision in the class room. A superintendent's work of necessity becomes executive rather than supervisory. His best service lies in the assistance he can render to School Boards, in the transmission of aims and encouragement to teachers, and in providing adequate material for their work. His greatest responsibility is in finding suitable teachers. School visits merely for their own sake mean little and often lead to a considerable waste of time. Monthly bulletins to teachers have been issued throughout the year. The assistance of an efficient clerk in the office has rendered relief from much of the necessary routine and provided more time for the larger affairs. An average of four evenings a week have been devoted to Board meetings, Parent-Teacher meetings in and out of the Union, and to various civic and community activities.

HEALTH

The annual medical inspection was completed in January by Dr. White, assisted by the Hampton school nurse. The following cases were found and reported:

Malnutrition.....2	Defective Teeth.....72
Skin Disease.....1	Enlarged Tonsils..... 1
Pediculosis.....2	Adenoids..... 4

Unvaccinated 13

It is earnestly hoped that parents concerned will do everything possible to have these defects corrected. An inspection without further attention at home is of little value. Forty-three per cent. of those examined have defective teeth. These children need dental treatment for no other reason than their own comfort, health and future efficiency. A dental clinic could easily be established at the Wedgewood building, using either the Rockingham County Farm Bureau equipment or a dentist outfit from Portsmouth. The cost of the former is at the rate of \$2.00 an hour for dental service, 50c an hour for rental of outfit and a small laundry charge. The service charge is paid by the parents whose children are treated; the rental and laundry by the School District, Red Cross, or other interested organization. I would recommend that such a clinic be established in case a survey indicates a sufficient interest among the parents.

If it is true that success or failure in school work depends as much upon physical condition as upon mental capacity, then attention to health is of vital concern. I am firmly of the opinion that, whatever the organization of a school, not much more progress may be made in the improvement of scholarship under that organization until more attention is given to the child's daily health. Poor arithmetic is often due to poor digestion, poor teeth, or a headache due to either. To assist in this matter I recommend the part-time services of a nurse; that Rye with several other nearby towns unite for this purpose. I recommend also that the Board lend its support to the simple necessities for providing a warm noon lunch in all its schools. I would commend the South school for undertaking this on its own responsibility with excellent success. I would also have milk available at each school during the morning recess. Both the lunch and milk service can easily be made self-supporting.

THE OUTLOOK

As I see it there are two steps to be taken in Rye before a type of educational progress becomes possible that will prove in any degree satisfactory to its people.

Second, there must be a greater confidence shown in School Board, Superintendent and teachers in their endeavor to make the most of a difficult situation.

H. L. MOORE,
Superintendent.

Attendance

Roll of Honor

ATTENDANCE

Pupils not absent nor tardy for the year:

William Eldridge	Louise Thomas
Eliton Vennard	Carolyn Burpee
Elbert McCassie	Bessie McCassie
Charles Rand	Wayne Vennard
Melvin Remick	Roger Kelchner
Richard Rand	Annie Burke

SCHOLARSHIP

Pupils attaining a rating of "A" in a majority of their subjects, plus "A" in application: •

Elsie Burpee	Beatrice Steele
Nona Haynes	Nona Odiorne
Robert Marden	Lucille Sterling
Edna Maynard	Marjorie Dunton
Wayne Vennard	Dorothy Brown
Charles Rand	Joseph Drake, Jr.
Mary Libby	Emma Millett
Ervin Martenson	James Morrison
Amy Rand	Marion Morrison
Muriel Moulton	Annie Burke
Josephine Caswell	Irene Craven
Harry Haynes	Mary E. Perkins
Elsie Steele	Alton N. Beales
Mona Cason	Dorothy Brown
Frank Crowell	Robert Goss

SCHOOL CENSUS, SEPTEMBER, 1924

Whole No. children between 5 and 16 years of age	193
Boys	101
Girls	92
